Ilde is in the process of closing this work assignment.

Chris O'lange (518) 402-9618, DEP Project Manager for the site informed us that the PRP is under the VCP. Cleanup activities are expected to be completed by the end of this year. We expect to receive a copy of the most recent Site Assessment conducted at the site by the end of May/03.

Subject: #065 Stamplate, Inc.

Denise,

Pursuant to our phone conversation this afternoon, this is to confirm that I am placing the Stamplate, Inc. site (Work Assignment #065) on hold until further notice. The SIP will be resumed pending the completion of the site's voluntary cleanup under the NY State DEC program.
